

# 4226 TH80 with tool for plastic containers

Project supervisor:  
Daniel Calow, Albertina  
Polska, Poland  
Project number: 4226  
Project engineer:  
Mikael Kayser, TAWI AB  
Lifting: Plastic containers  
Used with: TH80 hoist  
Max capacity, this version:  
80 kg

This a common application,  
lifting two containers at a time  
with a mechanical tool.  
Two adjustable hooks on a yoke.  
The knobs help the operator  
position the tool before lifting.
